

# *Penns Woods Winery*

## **Chambourcin Reserve**

The thick-skinned hybrid grape Chambourcin, when vinified well, can produce wines of great color and intensity. Deep garnet in color, it has a bright, almost dazzling appearance. It carries a bouquet with notes of pomegranate, black pepper, sage and a hint of root spice. Earth tones of plum and blackberry on the mid-palate end in a dry and racy finish.

With grilled foods, roast chicken with herbs, turkey, or spicy sausage.
