

Penns Woods Winery

Proprietor Reserve

This wine is a wonderful Cabernet Sauvignon and Merlot blend Cabernet Sauvignon and Merlot. The high quality of the wine brings out the best of both of the contributing grapes.

On the nose, you will find the Cabernet Sauvignon aromas are prevalent. This includes some leather, tobacco and smokiness with a hint of spice and green pepper. Initially you will taste a rush of dark fruits similar to that of a Merlot. The most interesting and palate pleasing attribute of this wine is its finish. It is long and full of flavors. The tannins of the Cabernet Sauvignon are definitely not lacking but, the smoothness of the Merlot makes this wine complete.

Because the flavors are supple and full, you can pair this wine with a number of different foods. Pairs best with grilled steak and sautéed onions, mushrooms, and green peppers, or even a chicken molé dish. The possibilities are endless.

French Oak
